

“The Power of the Blood”, by Rev Samuel Mametsa, Mphambo Crusade, Day Two, the 24th of March 2012.

There is power in the blood and God respects the power in the blood. Many a times if you lose too much blood you can die. The blood is something that makes us to live.

Scripture reading: **Leviticus 17:11** *"11 For the life of the flesh is in the blood, and I have given it to you upon the altar to make atonement for your souls; for it is the blood that makes atonement for the soul.' 12 Therefore I said to the children of Israel, 'No one among you shall eat blood, nor shall any stranger who dwells among you eat blood.' 13 "Whatever man of the children of Israel, or of the strangers who dwell among you, who hunts and catches any animal or bird that may be eaten, he shall pour out its blood and cover it with dust; 14 for it is the life of all flesh. Its blood sustains its life. Therefore I said to the children of Israel, 'You shall not eat the blood of any flesh, for the life of all flesh is its blood. Whoever eats it shall be cut off.' 15 "And every person who eats what died naturally or what was torn by beasts, whether he is a native of your own country or a stranger, he shall both wash his clothes and bathe in water, and be unclean until evening. Then he shall be clean."* **Lev 17:11-15, NKJV.**

This bible text tells that God respects “The Power of the Blood” and He wants us to respect “The Power of the Blood”. It is because there is power in the blood. That is why if you make a blood covenant that blood becomes the seal of that covenant. In the past if you committed a sin the high priest would want you to bring an animal to sacrifice as God respects the blood. Once that blood was shed it moved God in heaven and He forgave their sins. That is why you see that the devil copied this issue of the blood. You see that the *sangoma* want you to

shed blood as they understand that blood is very important and is very powerful.

Every altar sealed with blood is binding irrespective of who you are. As long as the blood has been shed say on your behalf that blood shall bind you and affect you as God respects the blood. The devil knows that God respects the blood and if he wants to attack he will make sure that somebody will enter into a blood covenant on your behalf and that it be sealed with the blood.

In the bible we read about Cain and Abel and we know that Cain killed his brother and that the blood of Abel touched and moved God in heaven. This made God to move from His throne and come to Cain and asked him what he had done to his brother. He told Cain that the blood of Abel was crying to him.

I want to warn those who kill people that they must know that once the blood of their victims touches the ground, God is moved. Any agreement sealed by blood, irrespective of whatever blood it is, is binding. **Verse 11** says: *"11 For the life of the flesh is in the blood, and I have given it to you upon the altar to make atonement for your souls; for it is the blood that makes atonement for the soul."* **Lev 17:11, NKJV.**

If you have no blood in your body your health is affected and if you lose too much blood, you will die. The blood is important and we must respect blood. Blood is respected by God.

The bible says that God instructed the children of Israel not to dare eat or drink blood. We are not allowed to eat or drink the blood. Why? **Verse 11** answers the question. Because *the life of the flesh is in the blood*. If you eat the blood of the cow then you are mixing your life with that of a cow. These two lives will make you miserable. The life of a cow will want to manifest itself in you whilst your life wants to also manifest itself in you. Is it possible for you to live the life of the cow and that of a human being?

This is why we find satanists drinking the blood of other people. Their lives are miserable as they live the lives of many people in one body. They are not normal and that is why all they want to do is kill other people. The bible says don't drink or eat blood as the life that you drink will want to manifest itself together with your own life. **Verse 15** says "*12 Therefore I said to the children of Israel, 'No one among you shall eat blood, nor shall any stranger who dwells among you eat blood.'*"

The devil makes sure he seals every covenant with blood. When our forefathers entered into covenants and used blood they did not know that the covenant would bind them for thousands of years to come but the devil knew that God respects the blood. That is why it is important for you to be delivered.

Sometimes when people go to *sangomas* and they are very ill the *sangoma* will say "*Come with a goat, cow or chicken that we can slaughter*". When you come with it, he will slaughter it, all he needs is the blood. All the meat belongs to him. He can't say to you "*Come with the blood.*" He will say bring an animal and you also will not ask him why the goat or cow as you want to be healed.

That blood is a form of self sacrifice and it also seals the covenant of your forefathers with another blood covenant and the devil will be happy that even the grand children know us and accept us. After this message you must not go to *sangomas*.

The problem is that people love *sangomas* and they defend themselves by saying it is our culture. If you want to worship your ancestors where are they? Why can't they wake up if they have power?

People surprise me; they like to choose wrong things even when the good things are there in front of them. If you tell people "*Go to church and worship the God who defeated death*" they still want to go and

worship ancestors who are dead in the grave and can't even wake up as they are dead. Why not worship the person who defeated death?

Easter is approaching and people will be going to the graves to worship the ancestors. Don't copy the mistake of your forefathers. They made a mistake and you must not follow it. If they can wake up today, they will say *"Our children we are very sorry we made a mistake."* Where they are they can't even write you a letter or an sms (text message).

I like the rich man in the book of Luke. He was so rich on earth whilst Lazarus was picking up pieces of food under his table. The rich man forgot that one day he will die. When Lazarus died the rich man was happy that the poor person had died. He forgot that death comes to all, rich or poor. When he died he was surprised to see Lazarus seating in the bosom of Abraham and asked *"How on earth can poor Lazarus seat there whilst I am the rich person?"* Your riches on earth are not a ticket for you to heaven.

The rich man asked Abraham *"Allow Lazarus to bring me water as where I am it is very hot."* He thought maybe the water would cool him. Abraham told him *"There is a wall between us and you. You have played your part on earth and Lazarus played his part so you stay there where you are and we stay where we are."*

The rich man went further, *"Please send Lazarus to my children to repent so that they must not come to where I am as it is bad"* and Abraham said *"There are prophets there with them and if they can't hear those that are there with them they won't hear Abraham."*

My question is: because the rich man cannot get power to go back and warn his family but he realised that the power of where Abraham and Lazarus were could allow them to go back to earth. What about your ancestors, are they busy asking God to send somebody like Abraham to come and teach you the truth about God? We are here as the prophets and if you can't hear us now you will not hear a person that died hundred years ago.

Those who believe in the blood are so rich. That is why you find brother killing a brother so they can get money to be rich.

I always like to tell the true story of one Zulu young man who loved money too much. He went to the *sangoma* so that the *sangoma* could make him rich. The young man told the *sangoma*, my taxis are not operating well, do something for me. The *sangoma* told him '*You need blood, go and buy a goat and bring it.*' The young man went and did as he was told and brought the goat to the *sangoma* who told him to slaughter the goat and take the skin and put it on as a (*Bracelet /Bangle*) charm on his hand. After this ritual the young man bought three combis. He was now very happy but what he did not know was that that agreement would only last for 12 months (a year) only. So the next year at that very same time all those three combis were involved in accidents and he was back to square one.

He had to go back to that *sangoma* who told him to buy another goat again and make a bracelet charm from the skin and put it on again. Now he had two skins on his hand. Those skin bracelets were symbols. After the ritual he bought six taxis and he was again very happy but the next year around that time again those taxis, except for two, were involved in accidents. He went back to the *sangoma* who told him '*This time bring a cow*' but he can't wear the skin of the cow which meant he had to buy a cow and a goat. He needed the goat as he must have a symbol to put on.

This time he bought twelve taxis and the next year around that time the taxis were gone and he went back to the *sangoma* who told him

'Now you need higher blood.' When the young man asked *'What do you mean?'* The sangoma told him *'Human blood is needed.'* *'No, how and where will I get human blood?'* The sangoma told him *'Don't worry. It is not your job to get human blood, yours is to pay, I will get the blood for you.'* The young man was happy and said *'How much?'* and the sangoma said *'Twelve thousand.'* The young man counted twelve thousand and handed it to the sangoma and asked *'When will I get the blood?'* *'Today, you will get the blood'*. The young man was happy *'Okay, since I have already paid let's proceed and get the blood.'* So, the sangoma says to him *'Do you see this TV (television)?'* *'Yes'* answers the young man. *'Take this arrow and when I switch that TV on, you must strike the first person appears on the screen.'* The young man then positions himself for the job and the sangoma switched on the TV and one young little boy was passing through the screen and he struck that boy with the arrow. The TV screen broke and thereafter the sangoma says to him *'Good, now you are going to be a multi millionaire.'*

The young man got into his car to go back but immediately he got out of the sangoma's gate his cell phone rang and on the other end was the wife crying bitterly *'Our son is dead!'* He asks the wife *'How did this happen?'* She tells him *'He just started crying 'pain, pain!' fell down and died.'* It was then that he realised he had just killed his own son. He immediately turned his car around to go back to the sangoma *'Hey what did you do?'* The sangoma responded calmly *'I did nothing, you are the one who killed your son. You killed your son.'* *'But you said...'* The sangoma responded *'Who do you want to kill? Who did you want to kill? You have killed your own son.'* The young man started to cry bitterly. *'No you cannot kill*

my son.' The *sangoma* says *'But you are the one who killed your son with this arrow. You want to be rich. It is no good taking and using somebody's son's blood as your business would not go on. Now you are a rich man.'* The young man took out his gun wanting to shoot the *sangoma*. The *sangoma* just said to him *'My own gun is already aimed at are head. Before you can pull trigger you will be dead.'* The young man collapsed.

Afterwards he had to go back and tell the wife the truth. When he got back home he found the wife crying bitterly and he joined her and cried with her. After crying he then said to her *'My wife, please forgive me.'* The wife was surprised *'This has nothing to with you. I saw the boy die in front of me and you were nowhere near the boy.'* *'Forgive me, I have killed our son.'* The wife now cried *'W-h-a-t! You killed my son? How?'* *'Yes, I wanted to be rich and then I went to the sangoma...'* She was very angry with him and started to fight with the husband. She fought hard; if you want to see a woman fight you, kill her child or children. The woman will pick up whatever is next to her and hit you with that object.

When the Zulu man went to the taxi, he wanted money but the devil forced him to kill his son. Some people are dying mysterious deaths because their parents love money too much. When you sell your children because you want to become rich, it is an altar of richness. Some can't even have children as they have sold their seed to the devil so they can become rich.

The bible says when you respect the blood and know the consequences of the power of the blood you will respect the blood and not enter into satanic blood covenants.

KUTAMA PENTECOSTAL HOLINESS CHURCH

Your name has been sealed by the blood. Tonight you must renounce that blood. Not only that blood but if you were ordained in the altar of your forefathers you must be removed from that altar. That altar doesn't care if you go to a very big church and pray in tongues it knows that after church you will come back home.

It is very important that you receive Jesus Christ as your Lord and Saviour.

Today some of us have a grandmother who is a goat or an animal. How can that be? You are not a goat or an animal so how can your grandmother be a goat or an animal?
